

DEMAND GOMPERS OVERRULE HIMSELF ON "RADICALS"

Two Unions Want Relations
Resumed With European
Labor Movement.

PROTEST ON CHINESE.

San Francisco Council in A. F.
of L. Says 500 are Smug-
gled in Monthly.

DENVER, June 16.—Two interna-
tional unions have demanded that the
convention of the American Federa-
tion of Labor instruct President Gompers
to reaffirm immediately the
federation with the International
Federation of Trade Unions.

This became known today when
resolutions presented by the Interna-
tional Association of Machinists and
the Firemen and Oilers' Union were
made public. Both practically call
for a repudiation by the delegates of
the action of President Gompers and

the Executive Council in severing re-
lations with the European labor move-
ment because of its "revolutionary
activities."

As both resolutions were referred
to the Committee on International
Relations, which is headed by Presi-
dent Gompers, labor leaders predict
that they would be reported un-
favorably and the action of the fed-
eration's officials upheld.

The Federation today by resolu-
tion called upon the United States
Senate to adopt the La Follette bill
providing for a Federal investigation
of the nation-wide "lock-out" of
seamen.

The United Brotherhood of Main-
tenance of Way Employees and Rail-
way Shop Laborers, comprising a
membership of 250,000, will make a
fight on the floor of the convention
for reinstatement in the federation.
The union was suspended in 1913
because of a jurisdictional dispute
with the United Brotherhood of Car-
penters and Joiners. President E. O.
Grable and Vice President James
Malloy of the Maintenance of Way
Union are here in support of the
resolution, which the carpenters have
announced their intention to oppose.

Congress is also called upon to "in-
dulgently refuse the appeal of the
Hawaiian Legislature in the interests
of the sugar planters to modify or
amend in any manner whatever the
laws that were enacted after years of
agitation to forever exclude the Chi-
nese."

Pittsburgh Ascan Cuts Crude Oil

a week was announced here today by

another cut of 25 cents a barrel on all
grades was posted. New prices "are":

\$1.40; Cabell, \$1.31; Somerset, \$1.10;

The New Improved Gillette Patented January 13th, 1920

So today you cannot name a railroad, steamship
line or caravan route but is carrying its quota of New
Improved Gillettes and Gillette Blades.

The New Improved Gillette Safety Razor is as avail-
able to the planter in India, the prospector in Alaska,
the ranchman of the Argentine, as to the citizen of
Boston, San Francisco, London and Paris.

All over the world the New Gillette is making
friends at sight. None more sincere than the old
Gillette user—the man who respects his old-type
Gillette, and welcomes doubly the fine precision of the
